

MDI TRAINING PROGRAM

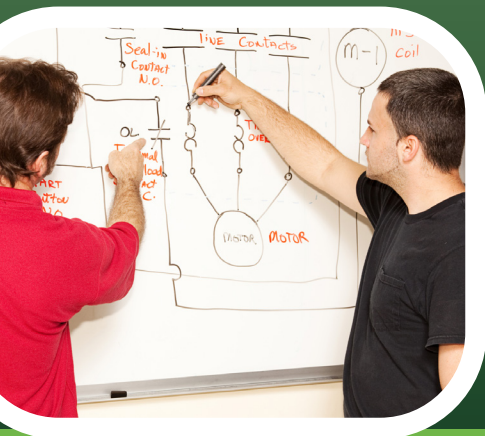

Customized, Hands-On Training from the Experts

Train your team onsite or remotely with experienced, qualified engineers who frequently work on projects and take emergency service calls. No more training on equipment you don't use, in a classroom of people who have never worked in your industry. MDI customizes the course for your industry and specifically for your equipment.

Expert training in the following areas:

- Rockwell Automation – RSLogix 5000/Studio 5000 (PLC)
- Rockwell Automation – RSLogix 5/500 (PLC)
- Rockwell Automation – FactoryTalk View ME (HMI)
- Rockwell Automation – Powerflex Variable Frequency Drives (VFD)
- Rockwell Automation – Kinetix Servos (VFD/Motion Control)
- Siemens – TIA Portal (PLC)
- Siemens – Step 7 (PLC)
- Siemens – WinCC (HMI/SCADA)
- Inductive Automation – Ignition (HMI/SCADA)
- AVEVA - Wonderware InTouch (HMI/SCADA)
